

GT10

Datasheet

Designed For Advanced Self-Service

The GT10's large color display with capacitive touchscreen empowers self-service HR functions to reduce time lost to administration, while the enhanced security protection secures sensitive data.

Highly Adaptable

The GT10 uses Android OS to provide functionality such as self-service applications, motivational and informative audio-visual content, training modules, booking services, and employee engagement functionality to every member of staff in an organisation. The platform is flexible and open, making it suitable for deployment as a user-friendly kiosk in any industry. Secure user identification and access to web-based functionality can enhance user experience, provide access to services and drive efficiency.

Robust & Secure

Designed specifically for continuous use in demanding environments with high traffic, the GT10 is both robust and secure. To achieve this, it uses a powerful industrial-grade quad-core processor, together with a range of power options, including Power over Ethernet (PoE) connectivity for fast, cost-effective installation. The 'kiosk' mode option means user operation can be easily restricted to permitted applications if preferred.

Biometrically Enabled

Choose from ultra-secure fingerprint or facial recognition biometrics.

Easy to Use

Designed with an end user in mind, the layout is intuitive and simple to use, empowering easy adoption into a business.

Key Features

-  Android Operating System
-  10" Color Display
-  Capacitive Touch Screen
-  Fingerprint Reader
-  Barcode/Mag Stripe Reader
-  Multiple Proximity Reader Options Available
-  Facial Recognition
-  Lockable Case
-  PoE

GT10

Datasheet

TECHNICAL SPECIFICATIONS

| MODEL | DETAILS |
|--|---|
| Display | 10" capacitive multi-touch screen 1280 x 800 high-resolution color display 16:10 aspect ratio |
| Operating System | Android |
| Memory | 16GB high performance flash 4GB RAM |
| Processor | 1.6GHz quad-core processor |
| Power | 12V DC jack Power over Ethernet Optional internal lithium-polymer battery option to run the terminal during power failure for up to 2 hours |
| Readers | Optional readers include: Barcode Magnetic stripe RFID proximity readers Multi-Tech Reader |
| Biometrics | Facial recognition Fingerprint reader |
| Kiosk Experience - Complex Data Display | Ability to surface employee self service data on the terminal, including reporting, schedules & leave |
| Inputs/Outputs | 4 + 2 internal USB2.0 ports I/O relay module (optional) 5 mega-pixel, wide-angle camera 2x integrated speakers & microphone |
| Touchless Solutions Range | Depending on Partner Integration, proximity cards and facial recognition can be used to provide a touchless workplace environment |
| Host Connectivity | Ethernet: 10/100/1000 Optional WiFi module |
| Customisable Interface | Control of information displayed Custom application development |
| High Security | Encrypted data storage Secure biometric encryption Lockable case Hardware backed keystore |
| Operating Temperature | 0°C - 35°C (32°F to 95°F) max continuous Humidity 5-90% non-condensing |
| Dimensions | 230mm x 275mm x 96mm Height with optional biometric reader: 300mm |
| GTConnect | Subscription service providing remote diagnostics and data management |

The GT10 enables a wide range of functions, which means that HR processes such as employee benefits, leave requests, recruitment, training and payroll can be effortlessly managed.

Advanced support for web browser functionality provides feature-rich data information pushed from the server ensuring faster development of custom user interfaces.

The GT10 works with Android, enabling ease of development for teams to rapidly deploy terminals using familiar and trusted tools.

GTConnect

Our cloud platform connects your HCM devices to your software, building an integrated network. This allows real time remote diagnostics and data management across all connected devices. This subscription service will streamline your HCM processes and reduce your technology and data challenges. With GTConnect, your workforce management is simple.
